# HERE'S HOW IT WORKS

1

## **Make a phone consultation appointment**

Call us at 877-837-4196 to schedule a phone consultation appointment with one of our federal and state benefits experts. Be sure to make the appointment at a time when family members are available to listen and ask questions as well. Calls typically last an hour.

2

## **Tell us your story, ask questions and learn**

You don't have to wade through tons of complex and confusing information to try to figure out what applies to you. We take the time to listen to your story and understand your needs, concerns and goals. Then we empower you with the unbiased information you need so you can maximize your benefits and make the best decision for your situation.

3

## **Enroll for benefits**

Once you feel confident you have the information you need to make the best decision for you and your family, we'll walk you through the application and approval process.

4

## **Relax and celebrate**

Without education and advocacy, many people don't tap into all the Social Security and Medicare benefits they've paid into during a lifetime of employment. You'll have the peace of mind knowing that you're getting all the benefits you deserve. So, sit back, relax and celebrate!
