## Debit Card

**Note:** If your employer is providing you with the isolved Benefit Services prepaid Benefit Card, please review the following information.

Since you've enrolled in the Flexible Spending Account you may be receiving two prepaid benefit cards at your home address for you and your family members to use. The cards will arrive in a special envelope that looks like this – so please don't throw it out!

With the card, you don't have to pay cash up front, file claims and wait for reimbursement. Accessing your account is ...

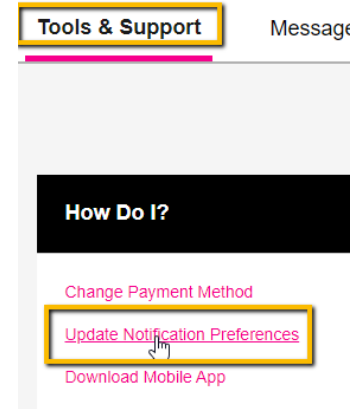

- Easy – a simple swipe of the card makes it hassle free!
- Automatic – funds are immediately transferred from your FSA at the time you incur the expenses.
- Convenient – there are no manual claim forms to submit.
- Simple to track – your current balance is available 24/7 at [www.isolvedbenefitservices.com](http://www.isolvedbenefitservices.com).

**Note:** The Benefit Card expires after five years. There is a **\$5.00 replacement fee** if the card is destroyed prior to the expiration date, lost/stolen, additional cards requested or not received.

## How do I get my reimbursement faster?

The fastest way to get your money is to sign up online for direct deposit to your personal bank account. Before you begin, make sure that your employer is offering direct deposit setup online.

1. From the top menu tabs select the Accounts tab, click on Banking/Cards, then select Add Bank Account to add your banking information for Direct Deposit. *(Note: If you are not provided with a Debit Card, this link will just have "Banking" as the link name.)*
2. You will enter in your banking information. If you have already added your bank account and you need to change it or update your information, select the Update. This will provide you with the page to update your current banking information. Once you have made your changes, click Submit.
3. Once you have your banking information entered, you can select your Payment Method. Select Payment Method under the link where you added your banking information. You will then be able to select the preferred method for reimbursement, Direct Deposit – fastest option available (must complete the steps above first to set up your bank account), or Check – where a check will be mailed to your home and will take 3-5 days after your request for reimbursement.

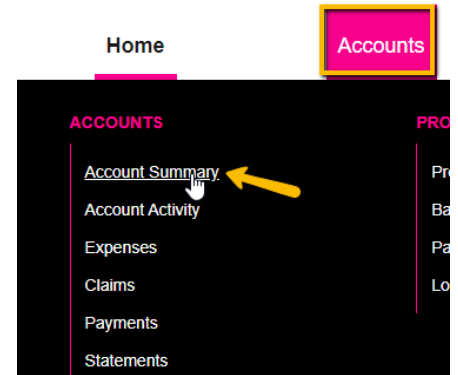

4. The Payment Method Changed a confirmation displays.
5. If there is a bank validation requirement, you will be notified on the portal to look for a small transaction or "micro-deposit" in your designated bank account in the next couple of days to enter online, which will validate your account.
