The following information affects continuation of insurance under your Certificate:

Continuation Under State Law is available to you as described below:

Qualifying Event means any of the following that would cause insurance under the Certificate to end:

- the end of your employment with your employer, including voluntary or involuntary termination, or your retirement;
- your disability that results in your employment temporarily or permanently ending;
- a reduction of the number of hours that you work for your employer;
- your leave of absence from your employer, including sabbatical;
- with respect to dependent insurance, a change in status that causes a dependent to no longer qualify as a dependent;
- with respect to dependent insurance, your divorce or legal separation; or
- with respect to dependent insurance, your death.

Insurance provided under the Certificate may be continued with premium payment under state law if a Qualifying Event occurs ("State Required Continued Insurance") unless:

- insurance under the Group Policy ends for all employees;
- insurance under the Group Policy ends for the class of employees to which you belong;
- you become covered under another group policy that provides similar coverage to the coverage described in the Certificate, without application of a preexisting conditions exclusion or limitation;
- your insurance ends because you failed to pay a required premium when due;
- your insurance ends because you performed an act or practice that constitutes fraud in connection with the insurance provided by the Certificate;
- your insurance ends because you made an intentional misrepresentation of material fact in connection with the insurance provided by the Certificate;
- your employment ends due to your gross misconduct; or
- on the date of the Qualifying Event, you have not been continuously insured under the Group Policy for at least three consecutive months.

Your employer shall send written notice of the right to continue insurance under this provision, the payment amounts required for continued coverage, and the manner, place and time in which such payments must be made. Your employer shall send such written notice via first class mail to:

- you at your home address as shown in the records of your employer;

- your ex-spouse at the home address of your ex-spouse if the Qualifying Event is your divorce or legal separation and such address is shown in the records of your employer; or
- your surviving spouse and the guardian of any dependents, if the Qualifying Event is your death, in which case your employer shall send such notice to your surviving spouse's home address, if different from yours and if shown in the records of your employer, and to the home address of the guardian of any dependents, if different from yours and if shown in the records of your employer.

If your employer fails to provide the written notice described above within 30 days after the Qualifying Event, a person entitled to continuation under this provision may contact us directly within 60 days after the Qualifying Event for information regarding the right to continue insurance, the payment amounts required for continued coverage, and the manner, place and time in which such payments must be made.

The premium that you, your ex-spouse if there has been a divorce or legal separation, or your dependents if you are not living, must pay for State Required Continued Insurance may include the amount, if any, that you previously contributed for insurance under the Certificate, plus any amount your employer contributed. To obtain State Required Continued Insurance you, your ex-spouse if there has been a divorce or legal separation, or your dependents if you are not living, must send a written request for State Required Continued Insurance and pay the first premium due no later than 60 days after the date of the Qualifying Event.

If you, your ex-spouse if there has been a divorce or legal separation, or your dependents if you are not living, fail to make a written request for State Required Continued Insurance and pay the first premium by the 60th day after the Qualifying Event, or if we do not receive the first premium due before the end of the grace period provided in the Group Policy, the right to State Required Continued Insurance will end.

State Required Continued Insurance will continue for all covered persons for a period of 366 days, beginning on the date of the Qualifying Event, and ending at 11:59 p.m. eastern standard time on the 366th day, ("366 day period") unless one of the following events occurs sooner, in which case, State Required Continued Insurance will end before the expiration of the 366 day period for one or more covered persons as indicated below, on the earliest of the following dates:

- for all covered persons, on the date insurance ends under the Group Policy for all employees;
- for persons covered by dependent insurance, the date dependent insurance ends under the Group Policy for all employees;
- for all covered persons, the date insurance ends under the Group Policy for the class of employees to which You belong;
- for persons covered by dependent insurance, the date dependent insurance ends under the Group Policy for the class of employees to which you belong;

- for any covered person, the date insurance takes effect for such person under another continuation option described in the Certificate if the other continuation option is expected to provide continued insurance for at least 366 days;
- for all covered persons, the last day of the grace period provided in the Group Policy if we do not receive a premium due for State Required Continued Insurance before the end of the grace period provided in the Group Policy;
- for any covered person, the date such person becomes eligible for coverage under another group policy providing coverage that is similar to the coverage provided under the Certificate;
- for each covered person, the date such person performs an act or practice that constitutes fraud in connection with the insurance provided by the Certificate; and
- for any covered person, the date such person makes an intentional misrepresentation of material fact in connection with the insurance provided by the Certificate.

The following information affects claims requirements:

- If notice of claim or proof of loss is not given in accordance with time frames set forth in the Certificate, the delay will not cause a claim to be denied or reduced if notice and proof are given as soon as is reasonably possible. Failure to give notice does not bar recovery under the Group Policy if the insurer fails to show that it was prejudiced by the failure.
